Building an Inclusive & Belonging Culture

To support our efforts to create a culture of inclusion and belonging, we provide various training, professional development resources, and feedback opportunities.

This year, we launched our first Employee Resource Group (ERG) for young professionals. The Young Professionals ERG aims to create a vibrant community of early-career employees who are engaged, empowered, and equipped with the tools they need to succeed in their careers. Through networking, mentorship, and development opportunities, the program not only benefits participants, but also contributes to the overall success of the organization.

Every year, we conduct an anonymous Employee Engagement survey to receive honest employee feedback which sets actionable items for Company leadership. Quarterly, Company leadership meets with all employees to discuss their feedback, key wins, opportunities, and successes experienced over the previous quarter. Lastly, the Human Resources team engages in one-on-one meetings with every employee to discuss career aspirations, growth, and training opportunities.
