Every achievement, every action and every good deed in this report are a tribute to our founders, shareholders, employees and clients.

Dear Clients and Shareholders:

We are very pleased to share Five Star Bancorp's 2021 Annual Report – our first report as a public company!

While we all experienced challenges, 2021 was also a remarkable year of growth, renewed purpose and commitment to our shareholders, employees, clients and the communities we serve. Every day, we worked as a team toward common goals while individual talents contributed to shared wins. Yet, it is how we succeeded that shaped and defined us. Most banks offer similar, if not the same, products. However, it has been said it is not what you do, but *how* you do it. No other bank has our engaged team, our speed to serve or our certainty of execution. No other bank has our commitment to treating clients with an empathetic spirit, understanding and care. We are proud to have earned the trust of those we serve.

A History of Organic Growth

Five Star Bancorp was founded in 1999 by a group of local entrepreneurs who wanted to create the kind of personalized banking services they desired themselves – services provided by industry experts who are committed to partnerships grounded in shared vision and goals. Today, Five Star Bancorp is a community business bank guided by purpose-driven banking, community stewardship, regional and industry expertise and a commitment to economic development. In May 2021, the Company completed its initial public offering. Prior to this achievement, and for over twenty years, the Company focused on organic growth by strategically and thoughtfully expanding its reach in Northern California (and beyond) and by developing its team, business verticals, internal processes, community partnerships and brand.

Today, the Company provides a broad range of banking products and services to small and medium-sized businesses, professionals and individuals primarily in Northern California through seven branch offices, two loan production offices and the internet with our mobile banking application. Our primary loan products are commercial real estate loans, commercial loans, commercial land and construction loans and farmland loans. Our principal geographic market is the Roseville/Sacramento/Rancho Cordova/Elk Grove area (Greater Sacramento Area). The Greater Sacramento Area has a profitable and productive economy driven by the governmental, education, technology, healthcare, agricultural and manufacturing sectors. Since 2016, our market share of the total deposits in the Greater Sacramento Area has increased significantly, according to the Federal Deposit Insurance Corporation (FDIC) Deposit Market Share Reports. We believe our market growth confirms the quality of the purpose-driven and integrity-centered banking we strive to deliver to clients. Our mission is to become the top business bank in the markets we serve through exceptional service, deep connectivity and client empathy.

A Year of Service & Recognition

In 2021, we added to our board of directors, significantly expanded our team, adopted new technology, expanded our verticals, deepened our commitment to Diversity, Equity and Inclusion (DE&I) initiatives and created robust internal training programs. We also established an investor relations function, introduced and expanded new product offerings and created a department to manage energy efficiency loans – all while adhering to COVID-19 protocols and maintaining a deep sense of purpose. The strength of our team also brought Five Star Bancorp a tremendous amount of recognition and awards including placement on the **Sacramento Business Journal's Best Places to Work** and **Fastest Growing Companies** lists, a **Comstock's Magazine Woman in Leadership** recognition, a **Vistage Leadership Award**, the **Sacramento Asian Pacific Chamber of Commerce's Corporate Steward of the Year Award** and the **Sacramento Business Journal's Corporate Champion of the Year**. These awards are attributable to our highly engaged, motivated and committed team of employees.

A Culture of Engagement & Belonging | Diversity, Equity & Inclusion

We facilitate talent attraction and retention through an inclusive, safe and healthy workplace where employees have opportunities to grow and develop their careers. They are also supported by strong compensation, benefits and health and welfare programs. As of December 31, 2021, we had 163 full-time and five part-time employees. In addition to salaries, we offer annual bonus opportunities, a 401(k) plan with an employer matching contribution, healthcare and insurance benefits, flexible spending accounts, paid time off, family leave and an employee assistance program. We invest in the growth and development of our employees by providing a multi-dimensional approach to learning that empowers, intellectually grows and professionally develops our employees through support to attend conferences and obtain degrees, licenses and certifications. This support has resulted in a highly educated and exceptionally engaged workforce.

Further, DE&I initiatives and programs are foundational to our core business model as we seek to ensure forward-thinking principles permeate workforce development as well as relationships with community partners and clients. We understand and appreciate the complexity and importance of the inclusion of a full range of identity groups, from ethnicity and nationality to age, gender, religious commitment, socioeconomic status, sexual orientation and those with disabilities. We also recognize DE&I initiatives build trust which affects financial ecosystems and drives companies' bottom lines.

Banking can often leave clients feeling vulnerable and exposed as they reveal details of their financial history. There is a vulnerability that can be difficult to overcome if trust has not been created – and trust is often more easily established between those with shared experiences. We believe embracing and understanding this reality through a diverse workforce creates opportunity not only from a business perspective but also opportunity to profoundly help those from diverse communities. We believe a successful program will ultimately benefit both the Company and those the Company serves.

Environmental, Social & Governance

Five Star Bancorp has taken a proactive approach to Environmental, Social and Governance (ESG) initiatives and believes our ability to manage ESG demonstrates strength in leadership and governance that are essential to sustainable growth. We are executing ESG strategies that will drive positive change while focusing on the impacts of our business, social factors in the communities we serve and the governance of our board of directors. As stewards of our environment, we also support clients focused on sustainable energy and environmental impact, from affordable energy to climate action. We believe social impact is inherent in banking and we work with clients and partners committed to the same values. We also support clients who provide innovative environmental solutions and restore life and vitality to areas devastated by catastrophic events.

We are proud to be a partner to energy efficiency and sustainability-focused organizations including those who provide energy efficiency loan programs. In 2021, the Company was selected to work with a local utility district on a new energy efficiency loan program that allows for the community to “go green” and bring energy efficient devices into their homes. Beginning in June 2021, we onboarded over 2,000 loans in this micro-loan program which funded residential energy efficiency equipment.

We have reduced our own carbon footprint by utilizing e-signature to conduct business to reduce paper consumption and reducing in-office occupation, where possible.

Exceptional Credit Quality

Exceptional asset quality has consistently been our focus. We have well-established loan policies and underwriting practices that have resulted in very low levels of charge-offs and nonperforming assets. Additionally, we have a multi-faceted loan monitoring framework established to regularly evaluate our asset quality after the origination process. Our 2021 results are a testament to the strength of our loan portfolio. The ratio of nonperforming loans to period end loans was three basis points as of December 31, 2021, representing no change from the prior year. Our allowance for loan losses increased slightly from 2020, as general economic conditions improved from the previous year, albeit at a pace slower than expected due to unforeseen disruptions in the supply chain and increasing energy prices. Looking ahead to 2022, and as economic conditions continue to improve, asset quality remains at the forefront of our objectives.

Five Star Bank customer SSEC doesn't just lead the environmental services industry - they helped create it and have been protecting the earth's natural resources for more than 50 years. We thank SSEC for rebuilding, restoring and renewing our region after catastrophic wildfires and for their commitment to environmental sustainability and wildlife protection.

Strong and Growing Capital

We continue to be well-capitalized and on May 7, 2021, we completed our IPO and raised approximately \$111.2 million in net proceeds after deducting underwriting discounts, commissions and other certain offering expenses. Our book value per share as of December 31, 2021 was \$13.65 per share, representing an increase of approximately \$1.49 per share, or 12.3% compared to 2020.

We have paid cash dividends on our common stock in every quarter since January 2002, with the exception of the third and fourth quarters of 2009 and all quarters of 2010. It is currently the intention of the board of directors to continue payment of cash dividends on a quarterly basis. During the year ended December 31, 2021, we paid approximately \$51.9 million in dividends. This included a \$27.0 million cash distribution to shareholders of record as of May 3, 2021, for the payout of the Accumulated Adjustments Account (AAA), which was described in further detail in our Registration Statement on Form S-1.

2021 Results

Results for 2021 reflect the continuation of our organic growth story and 2021 was our strongest year yet. As of December 31, 2021, our total assets were \$2.6 billion, an increase of \$603.0 million, or 30.9%, from the prior year. Net income increased from the prior year by approximately 18.1% to \$42.4 million, which included the impact of increased taxes from our conversion to a C Corporation during the year in conjunction with our IPO. Our return on average assets and return on average equity during 2021 were 1.9% and 22.5%, respectively.

Total loans, net, were \$1.9 billion as of December 31, 2021. Loan originations, net of repayments, totaled \$426.9 million for the year, growing the loan portfolio by approximately 29.0% during 2021.

Total deposits were \$2.3 billion as of December 31, 2021. Deposits grew by \$501.9 million, or 28.1%, during 2021, and we ended the year with a 39.5% ratio of non-interest-bearing deposits to total deposits.

Information Technology Investments

In 2021, we continued to make significant investments in our information technology systems and staff for our banking and lending operations and treasury management activities. We believe this investment will support our continued growth and enable us to enhance our capabilities to offer new products, improve the overall client experience, improve profitability through efficiencies and provide scale for future growth. We utilize nationally recognized software vendors, using their cloud/hosted models, which allows us to outsource the processing of our data which provides greater scalability and disruption avoidance.

Community Engagement & Investment

In 2021, Five Star Bancorp was an engaged member of 16 Chambers of Commerce. Among other initiatives, we were committed to supporting educational programs, wildfire relief efforts, affordable housing, and clients and community partners who continued to experience the impacts of COVID-19. We were also committed to a robust Community Reinvestment Act (CRA) Program. You will read more about these efforts in this report. We stand on a sturdy foundation of what we have built together so that we may encourage, support and strengthen those who need us most.

Commercial Real Estate & Construction

In 1999, we were founded to serve the commercial real estate industry. Today, our vast market knowledge serves developers and brokers through loan programs that assist with the purchase or refinance of general-purpose, owner-occupied and investment properties for both commercial and industrial real estate. Our expertise includes commercial office buildings, industrial warehouses, industrial manufacturing facilities and retail shopping centers.

Faith Community

Our experienced, trusted and highly respected team has provided financial tools to pastors and church administrators for over 30 years. Widely known as leaders in faith banking innovation, Five Star Bancorp ensures our faith partners can focus on what they do best by serving others.

Government

We fully support public entities and their critical role in our communities by ensuring they meet the three priorities of managing public funds: Safety, Liquidity and Yield. As a trusted partner, we help reduce costs, increase interest earnings and improve efficiency.

Manufactured Housing, RV & Self Storage

Five Star Bancorp is widely regarded as a leader in manufactured housing lending, providing financial tools to the manufactured housing community (MHC) and RV park owners and operators nationwide. We finance the land, not the homes themselves. While we work with MHC owners and operators, we understand our clients often provide opportunity for home ownership for many while also serving as critical workforce housing.

Non-profit

As community stewards with extensive experience working with non-profits, we know cost-effective banking services are vital to successfully managing cash flow and maximizing return. Our commitment to our non-profit clients goes beyond simply providing banking services. As a long-time supporter of many local non-profit organizations, we understand the unique financial challenges of the modern charitable institution.

Practice & Professional Services

Five Star Bancorp takes our clients' professional practices to the next level. Every day, we provide clients with access to capital and customized banking solutions to create successful medical, veterinarian, dental, legal and accounting practices and more. Whether our clients are acquiring, buying-in, selling or expanding their business, we advise them on a path of sustainable success. We also provide law firms, accounting firms and other professional services providers with cost-effective and efficient banking services.

Small Business Administration (SBA)

Five Star Bancorp has consistently been named among the top producing SBA lenders in the nation. Ensuring small business owners have the support, resources and capital to build successful companies is embedded in our mission and culture. We also provide loans to minorities, women and veterans, in cities and rural communities. Our SBA Department manages loans from our own originations and works with several wholesale partners.

Venture Banking, Technology & Start-Up

Entrepreneurs need a partner who understands their industry, business model, investment requirements and banking needs. We are the only bank in our market dedicated to emerging business. In 2021, we were a founding launch partner of the Sacramento Business Journal's *Sacramento Inno* web platform which covers our region's innovation economy. We are the creator of Five Star Bank Tank which brings together start-ups with investors. We are also a partner of Growth Factory which helps accelerate companies in our region.
